

Notification Nos. 07, 08, 11 & 12/2016 Objections - Decision of commission on GS & MA paper dated 4/4/2017					
S.no	Question ID	Description of the Question	Answer as per key as published	Final Key	Recommendation of the experts
1	10922234002	Which continent has the largest number of people living in poverty	1	2	Correct option is 2 i:e Africa
2	10922233933	Which is the odd one out	1	1 & 2	Correct option is 1 & 2 both may be treated as correct options
3	10922233888	When India enters the third stage of demographic transition what does it signify?	1	2 & 3	Correct Option is 2 & 3 i:e Its population will expolde at an unprecedented high rates & its birth rate will receive a significant fall
Note: All other objections are untenable					

Notification Nos. 11/2016 Objections - Decision of commission on Geology ( Including Hydrogeology ) paper II dated 4/4/2017

S.No	Q.No	Question ID	Description of the Question	Answer as per key as published	Final Key	Decision of the Commission
1	1	10922234032	According to Isostasy a region of lower density shows	3	4	Correct Option is 4 i:e Negative anomaly
2	7	10922234038	The change in Colecular constitution with out change of chemical composition is refered as	4	0	Spelling mistake , Hence question deleted.
3	9	10922234040	The Mesozoic group existed about theage of	1	0	The correct answer is not available in the given option, Hence question is deleted.
4	11	10922234042	How many uniformities are present in Cuddapah system	3	0	Spelling mistake , Hence question deleted.
5	13	10922234044	An up-dip termination is considered as	3	0	Spelling mistake , Hence question deleted.
6	36	10922234067	The sedimentary rock with coarse sand is	2	3	Correct option is 3 i:e Grit
7	37	10922234068	Pillow structure is common in	3	0	The correct answer is not available in the given option, Hence question is deleted.
8	44	10922234075	Tsunami is caused by	2	1	Correct option is 1 i:e Submarine earthquake
9	47	10922234078	Which of the following is the most abundant element in the earth's crust	4	3	Correct option is 3 i:e Oxygen
10	48	10922234079	who proposed the reaction principle ?	2	0	Spelling mistake , Hence question deleted.

11	52	10922234083	An index fossil has	2	1	Correct option is 1 i:e Narrow geological age
12	53	10922234084	Penctin is a fossil belongs to	1	4	Correct option is 4 i:e None of the given Options
13	57	10922234088	Which of the following is considered as aquiclude	2	1	Correct option is 1 i:e Clay
14	71	10922234102	Younger beds are present in the direction of	1	2	Correct option is 2 i:e Dip of the bed
15	72	10922234103	Fault is formed by	1	1 & 4	Correct option is 1 & 4 i:e Compression & tension and shear
16	74	10922234105	Age of trilobites	3	2	Correct option is 2 i:e Cambrian
17	75	10922234106	father of invertible paleontology	3	2	Correct option is 2 i:e Lamark
18	76	10922234107	Globigerina belongs to the following Phylum	2	0	The correct answer is not available in the given option, Hence question is deleted.
19	77	10922234108	Eparchean unconformity separates the	4	2	Correct option is 2 i:e Archaeans and Cuddapah
20	86	10922234117	Siwalik range is called	4	2	Correct option is 2 i:e Outer Himalaya
21	87	10922234118	profile of Equilibrium is also called as	1	3	Correct option is 3 i:e Graded profile
22	94	10922234125	India receives an annual rainfall of	4	2	Correct option is 2 i:e 1200mm
23	100	10922234131	IRSP 4 meant for	2	0	The correct answer is not available in the given option. Hence question is
24	101	10922234132	Sensor parameter are used for making	3	4	Correct option is 4 i:e spatial resolution
25	105	10922234136	The main boundary fault seprate	3	2	Correct option is 2 i:e Siwaliks and Tertiaries
26	106	10922234137	The earliest man like primates found in siwalik Hills is	4	1	Correct option is 1 i:e Sivapithecus
27	108	10922234139	Of colour of Gossan is black ,it indicates the presence of	2	4	Correct option is 4 i:e manganese
28	112	10922234143	polished and Striated portions of the fault portions are known as	1	3	Correct option is 3 i:e Slicken sides
29	133	10922234164	Index minerals indicate the metamorphism of	3	4	Correct option is 4 i:e All the given options
30	136	10922234167	What is the age of Jurassic period	1	2	Correct option is 2 i:e 200 my

31	140	10922234171	How many horizons are there in soil profile	2	4	Correct option is 4 i:e Five
32	146	10922234177	The volume between mineral grains in a porous material is called the	1	2	Correct option is 2 i:e porosity
33	147	10922234178	Infithate rate in soils can be determined using	4	0	Spelling mistake , Hence question deleted.
Note : All other objections are untenable, After deleting 9 question, the marks would be scaled from 141 to 150.
