Study the given graph of the production of multimedia players by three companies A, B and C over the years.

What is the difference between the production of company B in 2019 and company A in 2016?

2019 సంవత్సరం B కంపెనీ, 2016 సంవత్సరం A కంపెనీ మంది రోజుల సంఖ్యలు ఎంతవరకు చెందాయి?

Options:

1. **85,000**
2. **10,000**
3. 5,000

1,000

4. 1,000
Study the given graph of the production of electric blenders by three different companies namely A, B and C over the years and answer the following question.

**In which year was the percentage of production of company A to the production of company C the minimum?**

**Options:**

A. 2012  
B. 2013  
C. 2014  
D. 2015
Study the given Venn diagram and choose the region that best represents the following relation: A smart janitor who is not a writer.

Options:

1. D
2. C
3. ✗ D మరో వంటి B

4. ✗ B

Select the option that will correctly replace the question mark (?) in the given figure.

_options:

1. ✗ 36

2. ✔ 16

3. ✗ 9

4. ✗ 15
The given table shows the number of students who graduated from four different subjects, namely mathematics, chemistry, bioscience and physics during five consecutive years. Study the table and answer the following question.

<table>
<thead>
<tr>
<th>Name of the subjects</th>

The given bar chart shows data pertaining to the production of air conditioners over the years by a company. Study the graph carefully and find out the approximate percentage drop in air conditioner production between the years 2016 and 2017.

Options:

1. 10%

2. 11%

3. 15%
Study the given graph carefully and answer the following question.

What is the ratio of the total export and import of the good in terms of value in India?

Options:

1. 8 : 7
2. ✗ 17:13

3. ✗ 23:21

4. ✔ 23:22
Study the given scatter graph and answer the following question.

In which year was the value per container the minimum?

Options:
1. 2007
The given area graph shows the profit made by a software company (in thousand GBP) from 2014 to 2018.

The profit made by the software company in 2015 was approximately how much percent of the average profit over the period under review?

The area graph shows the profit made by the software company (in thousand GBP) from 2014 to 2018.

2015's profit is approximately what percent of the average profit over the period under review?

Options:
The given line graph shows the number of gaming routers (in thousand numbers) manufactured by five different branches A, B, C, D and E of a company in the years 2018 and 2019. Study the graph and answer the following question.

How many gaming routers were manufactured by the three branches A, C, and E together in both the years?

Options:

1. 266,000
2. 328,000
3. 272,000

Correct Answer: 266,000
Study the given circle graph carefully which shows the monthly expenditure of a family and answer the following question.

If the total monthly expenditure during the month was ₹ 60,000, then what was the approximate amount spent on food and education together?

Options:

1. ₹ 15,000
2. ₹ 16,900
Question Number : 137  Question Id : 716447887  Question Type : MCQ  Option Shuffling : Yes  Negative Marks Display Text : 1/3
