Measures to ensure ease in filling of application for Group-II Services NOTIFICATION NO. 18/2016, Dt.08/11/2016

Several applicants complained that filling of application for recruitment to Group II services vide NOTIFICATION NO. 18/2016, Dt.08/11/2016 is taking very long time.

Considering this few modifications are implemented from 23rd Nov, 2016.

1. "Save" option is provided before fee payment, so that the data is saved and not lost. Payment can be made immediately or at a later time before submitting the application using the "**Application Fee ID**" which will be generated after saving the data. Applicants are requested to make a note of the same as it is required for future correspondence.
2. It is noticed that filling of options for posts is taking longtime. Hence, modifications are made in the application form and the options are removed now and they will be collected before the main examination from selected candidates. Applicants who have already filled the options also, a facility in the application to modify their options would be provided at the time of main examination.
3. In OTPR facility also, OTPRID would be generated after filling certain basic details along with uploading of photo and signature. Thereafter he can fill the balance details as and when required.
