

FOREST SECTION OFFICER
GENERAL FORESTRY
FINAL KEY

Question Number : 1 Question Id : 47163915205 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Dying back phenomenon is not observed in one of the following species.

Options :

2. ✓ *Tectona grandis*

Question Number : 2 Question Id : 47163915206 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Which one of the following is the most important criteria for determining the site quality of an area?

Options

2. ✓ Top height of the Crop

Question Number : 3 Question Id : 47163915207 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

..... is a species of inferior quality or size, of relatively little Silvicultural value or importance, associated with the principal species.

Options :

1. ACCESSORY SPECIES

Question Number : 4 Question Id : 47163915208 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

..... is a method of thinning carried out in the irregular crop.

4. ✓ Selection thinning

Question Number : 5 Question Id : 47163915209 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Which one of the followings is not a tending operation?

1. ✓ Regeneration felling

Question Number : 6 Question Id : 47163915210 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

The rapid diameter increment of trees due to light stimulus following increment fellings is known as

Options :

2. ✓ Light increment

Question Number : 7 Question Id : 47163915211 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Which one of the following is a bad coppicer?

Options :

2. ✓ *Casuarina equisetifolia*

Question Number : 8 Question Id : 47163915212 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Lignotubers are underground swellings found in most species of

Options :

4. ✓ *Eucalyptus*

Question Number : 9 Question Id : 47163915213 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Which of the following methods is used for assessing genetic diversity?

4. ✓ All of the given options

Options :

Question Number : 10 Question Id : 47163915214 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

..... refers to a technique of lowering groundwater in waterlogged areas by raising tree plantations.

Options :

2. ✓ Bio-drainage

Question Number : 11 Question Id : 47163915215 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Life table refers to one of the basic tools of

3. ✓ Demographic analysis

Question Number : 12 Question Id : 47163915216 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Which of the following conditions define 'Saline soil'?

Options :

4. ✓ $EC_e > 4$ dS/m, $pH < 8.5$ and $ESP < 15$

Question Number : 13 Question Id : 47163915217 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Hazardous waste (Management & handling) rules came into existence in the year

3. ✓ 1989

Question Number : 14 Question Id : 47163915218 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Earth day is celebrated every year on

Options :

3. ✓ April, 22nd

Question Number : 15 Question Id : 47163915219 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

..... is the size of clay particles as per USDA classification of soil texture.

4. ✓ < 0.002 mm

Question Number : 16 Question Id : 47163915220 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Which fraction of the following water is readily available to plants?

Options :

3. ✓ Capillary water

Question Number : 17 Question Id : 47163915221 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33

When is the World Soil Day celebrated annually?

Options :

3. ✓ 05th December

Question Number : 18 Question Id : 47163915222 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33 Options :

Lime, dolomite, basic slag, flue dust and wood ash are used for reclamation of

2. ✓ Acidic soil

Question Number : 19 Question Id : 47163915223 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33

..... evaluates the quality of a soil as a function of its characteristics, water, plant and other biological properties.

Options :

3. ✓ Soil Health Card

Question Number : 20 Question Id : 47163915224 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33 Options :

Which of the following is Primary tillage?

4. ✓ All of the given options

Question Number : 21 Question Id : 47163915225 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33 Options :

The type of germination of seed where cotyledons emerge out of the soil is called germination.

3. ✓ Epigeal

Question Number : 22 Question Id : 47163915226 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33 Options :

Which of the following condition(s) is / are correct?

3. ✓ All productive soils are fertile.

Question Number : 23 Question Id : 47163915227 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33 Options :

Which one of the following is not a groundnut variety?

2. ✓ Chandramukhi

Question Number : 24 Question Id : 47163915228 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33 Options :

Which type of farming is used to restore soil fertility in India's dry lands?

3. ✓ Ley farming

Question Number : 25 Question Id : 47163915229 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical Correct Marks : 1 Wrong Marks : 0.33 Options :

Certified seed is the progeny of

1. ✓ Foundation seed

Question Number : 26 Question Id : 47163915230 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

What is the duration of protection of registered varieties of trees and vines?

2. ✓ 18 years

Question Number : 27 Question Id : 47163915231 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Which of the following have been provided to the farmers under the PPV & FR Act, 2001?

4. ✓ All of the given options

Question Number : 28 Question Id : 47163915232 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Seed treatment by which the hard seed coat is ruptured or weakened, mechanically or chemically is called

.....

Options :

2. ✓ Scarification

Question Number : 29 Question Id : 47163915233 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Flowering of trees at an early age is known as

4. ✓ Precocious flowering

Question Number : 30 Question Id : 47163915234 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Cross pollination between flowers borne on two different individual plants of the same species is known as

.....

Options :

3. ✓ Xenogamy

Question Number : 31 Question Id : 47163915235 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Bacterial leaf blight is a prevalent and destructive disease of one of the following agricultural crop

.....

Options :

2. ✓ Rice

Question Number : 32 Question Id : 47163915236 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

According to Champion and Seth Classification, 1968, there are major groups of forests in India.

Options :

1. ✓ Five

Question Number : 33 Question Id : 47163915237 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Animals which have a wide range of temperature tolerance are called

3. ✓ Eurythermal

Question Number : 34 Question Id : 47163915238 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

The role played by a species in its natural habitat is called

2. ✓ Niche

Question Number : 35 Question Id : 47163915239 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

..... are groups of species within biological communities having similar ecological features in a habitat.

Options :

1. ✓ Guilds

Question Number : 36 Question Id : 47163915240 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

..... is the scientific study of animal behaviour under natural conditions.

3. ✓ Ethology

Question Number : 37 Question Id : 47163915241 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Which of the following fresh water lake is also a bird sanctuary as well as a Ramsar wetland?

2. ✓ Kolleru lake, Andhra Pradesh

Question Number : 38 Question Id : 47163915242 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

..... is a species that has a disproportionately large effect on its natural environment relative to its

2. ✓ Keystone species

Options :

Question Number : 39 Question Id : 47163915243 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

The National Green Tribunal Act was enacted in the year

Question Number : 40 Question Id : 47163915244 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Which section of Wildlife Protection Act, 1972 deals with declaration of National Parks?

2. ✓ Section.35

Question Number : 41 Question Id : 47163915245 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

How many Tiger Reserves are there in India?

1. ✓ 50

Question Number : 42 Question Id : 47163915246 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

In which year, Andhra Pradesh Forest Act came into force?

2. ✓ 1967

Question Number : 43 Question Id : 47163915247 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

The Concurrent List includes which of the following?

4. ✓ All of the given options

Question Number : 44 Question Id : 47163915248 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Which year the Forest Rights Act was enacted?

2. ✓ 2006

Question Number : 45 Question Id : 47163915249 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

..... is the ability of a grassland unit to give adequate support to a constant number of livestock for a stated period each year without deteriorating with respect to this and / or other proper land use.

Options :

2. ✓ Carrying capacity

Question Number : 46 Question Id : 47163915250 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Which of the following is the most severe form of the erosion?

2. ✓ Gully erosion

Question Number : 47 Question Id : 47163915251 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Panchali is a breed of

2. ✓ Sheep

Question Number : 48 Question Id : 47163915252 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Rickets is caused by the deficiency of

1. ✓ Calcium

Question Number : 49 Question Id : 47163915253 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Actual milk yield is converted into milk with 4% fat by using formula

Where, FCM = Fat corrected milk; M = weight of milk; F = weight of fat in milk

Options :

1. ✓ $FCM = 0.4M + 15F$

Question Number : 50 Question Id : 47163915254 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Urea contains ____ % of nitrogen

2. ✓ 46

Question Number : 51 Question Id : 47163915255 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Which of the following horticultural crop is propagated by Stone grafting method?

2. ✓ Mango

Question Number : 52 Question Id : 47163915256 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

What is the science of vegetable production called?

3. ✓ Olericulture

Question Number : 53 Question Id : 47163915257 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Where is ICAR - Central Institute of Subtropical Horticulture located?

Options :

4. ✓ Lucknow

Question Number : 54 Question Id : 47163915258 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Which of the following portals for farmers enables all Central and State government organisations in agriculture and allied sectors to give information/ services/ advisories to farmnets by SMS in their language regarding preference of agricultural practices and location?

Options :

1. ✓ mKisan Portal

Correct Marks : 1 Wrong Marks : 0.33 Options :

What are BPP-1, BPP-2, BPP-3, BPP-4 and BPP-5 ?

4. ✓ Varieties of Cashewnut

Question Number : 58 Question Id : 47163915262 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

What is the best suited soil type for cultivation of Cashewnut?

2. ✓ Red sandy loam

Question Number : 59 Question Id : 47163915263 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Fruit canker is a post harvest disease in which of the following crops?

4. ✓ Guava

Question Number : 60 Question Id : 47163915264 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Any offence under Biological Diversity Act, 2002 is

Options :

3. ✓ Cognizable and non-bailable

Question Number : 61 Question Id : 47163915265 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

How many mega-biodiversity countries are there in the world?

2. ✓ 17

Question Number : 62 Question Id : 47163915266 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

India is divided into how many Bio-geographical zones?

3. ✓ 10

Question Number : 63 Question Id : 47163915267 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

How many sub-species of Tigers have been now recognised based on Molecular markers?

2. ✓ 6

Question Number : 64 Question Id : 47163915268 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

According to MalinFalkenmark Water Stress Index, when fresh water availability is 1,000 - 1,700 cum per person per year, countries experience

Options :

1. ✓ Water stress

Question Number : 65 Question Id : 47163915269 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

In Physical impurity tests, water colour is expressed in units.

2. ✓ Hazen units

Question Number : 66 Question Id : 47163915270 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Blue baby syndrome is high concentration of ----- in drinking water.

1. ✓ Nitrate

Question Number : 67 Question Id : 47163915271 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

The principle involved using activated carbon for wastewater treatment is

3. ✓ Adsorption

Question Number : 68 Question Id : 47163915272 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

The sustainable land use systems involving trees combined with crops and / or animals on the same unit of land is termed as

Options :

1. ✓ Agroforestry

Question Number : 69 Question Id : 47163915273 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

The first JFM guidelines was issued by MoEF in the year

1. ✓ 1990

Question Number : 70 Question Id : 47163915274 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Home Gardens is the most prevalent agro-forestry system being adopted in

1. ✓ Humid tropical region

Question Number : 71 Question Id : 47163915275 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Nitrogen fixing ability of Casuarina is attributable to

2. ✓ Frankia

Question Number : 72 Question Id : 47163915276 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Question Number : 88 Question Id : 47163915292 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ is an micro-ingredient included in animal feed in relatively small amounts with specific physiological and nutritional value.

Options :

3. ✓ Pronutrient

Question Number : 89 Question Id : 47163915293 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Of succulent feeds, _____ is the most convenient and economic method for maintaining larger livestock.

2. ✓ Pasture

Question Number : 90 Question Id : 47163915294 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ is an example for plant protein as a source of animal feed.

1. ✓ Cotton seed cake

Question Number : 91 Question Id : 47163915295 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ is an Indian sub-continent Milch Breed.

4. ✓ Sahiwal

Question Number : 92 Question Id : 47163915296 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ breed among the Indian Goats is from North-Western Arid and Semi-Arid region.

3. ✓ Sirohi

Question Number : 93 Question Id : 47163915297 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ is an infectious disease of birds caused by influenza A virus.

1. ✓ Avian influenza

Question Number : 94 Question Id : 47163915298 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

The DNA found in chromosomes is _____ .

3. ✓ Unique DNA and repetitive DNA

Question Number : 95 Question Id : 47163915299 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ is the the study of structure & behaviour of chromosomes, their other properties and function in cells.

2. ✓ Cytogenetics

Question Number : 96 Question Id : 47163915300 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ maps are generally prepared on 1:50000 scale.

1. ✓ Management

Question Number : 97 Question Id : 47163915301 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Options :

_____ is a tabular statement showing the order and extent of all works to be carried out during the year.

3. ✓ Annual Plan of operations

Question Number : 98 Question Id : 47163915302 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ is the instrument used to measure the height of trees based on Trigonometric principles

1. ✓ Brandis Hypsometer

Question Number : 99 Question Id : 47163915303 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Stump analysis studies the progress of _____ increment on stump throughout the life of the tree.

1. ✓ Diameter

Question Number : 100 Question Id : 47163915304 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Pressler's increment borer is used to determine the _____ of trees.

2. ✓ Age & Diameter Increment

Question Number : 101 Question Id : 47163915305 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ is an yield table in which parameters have been given only for one grade of thinning which is usually 'C' grade.

Options :

1. ✓ Single yield table

Question Number : 102 Question Id : 47163915306 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ is using a growth model to estimate the development of a stand through time under alternative conditions or cutting practices.

Options :

4. ✓ Simulation

Question Number : 103 Question Id : 47163915307 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Girth Over Bark (GOB) can be converted into Girth Under Bark(GUB) by using the formula

Options :

1. ✓ $g = g' - 2 \pi t$

Question Number : 104 Question Id : 47163915308 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Mensuration is derived from the _____word "Mensura" meaning measure.

3. ✓ Latin

Question Number : 105 Question Id : 47163915309 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Multi-stage sampling is a method of _____, where sampling units are not taken out at one stage but are drawn from a population at multiple stages.

Options :

4. ✓ Random sampling

Question Number : 106 Question Id : 47163915310 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ sampling is a method of sampling whose characteristic feature is that the number of observations in the sample is not determined in advance but sampling units are taken successively from a population.

Options :

4. ✓ Sequential

Question Number : 107 Question Id : 47163915311 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Diopter, basal area factor, plot radius factor, tree factor, caliberation distance factor are terms used in

4. ✓ Point sampling

Question Number : 108 Question Id : 47163915312 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

As per IUCN Red list Snow leopard is categorised under----- list.

3. ✓ Vulnerable

Question Number : 109 Question Id : 47163915313 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ is popularly known as teak skeletonizer.

Options :

4. ✓ *Eutectona machaeralis*

Question Number : 110 Question Id : 47163915314 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ are root feeders which kill the seedlings by destruction of rootlets or removal of bark of tap root.

1. ✓ Cock chafers

Question Number : 111 Question Id : 47163915315 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Canker is a_____symptom.

3. ✓ Necrotic

Question Number : 112 Question Id : 47163915316 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Controlled burning in a forests is -----.

3. ✓ Silvicultural operation

Question Number : 113 Question Id : 47163915317 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Options :

Loranthus is a ----- which causes damage to forest trees.

1. ✓ Parasite

Question Number : 114 Question Id : 47163915318 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Forest fire spreading slowly over the ground with low flame is called ----- fire.

4. ✓ Creeping

Question Number : 115 Question Id : 47163915319 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Water, Earth, Beating and Counter-firing are the methods of ----- for control of fire.

2. ✓ extinguishing measures

Question Number : 116 Question Id : 47163915320 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Among the browsing animals, ----- is the most destructive animal destructing the forests.

1. ✓ Goat

Question Number : 117 Question Id : 47163915321 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

The animals under this class have moist, soft skin and lack scales

4. ✓ Amphibia

Question Number : 118 Question Id : 47163915322 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Phylum ----- includes animals like starfish, Sea urchin and Sea Star.

2. ✓ Echinodermata

Question Number : 119 Question Id : 47163915323 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

-----are constituted on government lands which are adjacent to national parks and sanctuaries especially linking one protected area with another

Options :

3. ✓ Conservation reserve

Question Number : 120 Question Id : 47163915324 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

An area is declared as ----- under 26 A of the Wildlife (Protection) Act, 1972.

1. ✓ Sanctuary

Question Number : 121 Question Id : 47163915325 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ is an extinct species of India.

4. ✓ Asiatic Cheetah

Options :

Question Number : 122 Question Id : 47163915326 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

The animals dwelling in_____ecosystem show gregariousness, keen sight and swift running.

1. ✓ Grassland

Question Number : 124 Question Id : 47163915328 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Animals which can tolerate narrow fluctuations in salt concentration are called as_____

2. ✓ Stenohaline

Question Number : 125 Question Id : 47163915329 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

There are _____types of ecological pyramids.

4. ✓ 3

Question Number : 126 Question Id : 47163915330 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____are viviparous snakes.

2. ✓ Viper

Question Number : 127 Question Id : 47163915331 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ is a venomous snake.

4. ✓ Green Pit-Viper

Question Number : 128 Question Id : 47163915332 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Roads are required to be_____when the intensity of traffic passing over it rises

Options :

4. ✓ Metalled

Question Number : 129 Question Id : 47163915333 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____ is a method of repairing irregular wear of the surface of the road.

2. ✓ Patching

Question Number : 130 Question Id : 47163915334 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

Culverts are small bridges with a span of less than _____meters.

4. ✓ 4

Question Number : 131 Question Id : 47163915335 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

----- is a mobile app which turns smartphone into a tool that tracks diseased trees and delivers forest health data to scientists and forest managers around the world.

Options :

3. ✓ Tree Tagger

Question Number : 132 Question Id : 47163915336 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ species is an important fodder tree for dry region of the country.

Options :

4. ✓ *Acacia nilotica*

Question Number : 133 Question Id : 47163915337 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

_____ is called as 'alfalfa of the tropic' because of its nutritious fodder.

Options :

1. ✓ *Leucaena leucocephala*

Question Number : 134 Question Id : 47163915338 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

_____cultivation is also known as 'slash and burn' or 'Swidden cultivation'.

1. ✓ Shifting

Question Number : 135 Question Id : 47163915339 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

Among the crops grown in the homestead _____ is the most dominant and important tree known as 'Tree of Hundred uses'

Options :

3. ✓ Coconut

Question Number : 136 Question Id : 47163915340 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33 Options :

----- mechanically breaks up the compacted soil layers.

4. ✓ Deep Ripping

Question Number : 137 Question Id : 47163915341 Question Type : MCQ Option Shuffling : Yes Display Question Number : Yes Single Line Question Option : No Option Orientation : Vertical

Correct Marks : 1 Wrong Marks : 0.33

The _____ homegardens are cited as an excellent example to show diversity and complexity of the structure and function of tropical homegardens.

Options :
